Chief of the Division of Neonatology Opportunity

The Children's Hospital at Montefiore (CHAM) and the Albert Einstein College of Medicine, with the Department of Pediatrics, is currently recruiting a **Chief of the Division of Neonatology**. The Division Chief provides overall leadership for all components of the Division. In addition to the administrative responsibilities of this position, the individual will share clinical responsibilities with 17 full/part-time faculty and 14 Advanced Practice Providers.

This position requires a dynamic, passionate, and capable physician-leader with a record of success spanning collaborative clinical leadership, administrative management, program development, successful scholarship, educational excellence, successful faculty recruitment, and community engagement. The successful candidate will collaborate with the leadership of Montefiore Health System and Albert Einstein College of Medicine to provide visionary and innovative leadership to guide the Division into its next phase of growth and development. This will include achieving and maintaining superior clinical programs at CHAM and expanding services within the growing hospital system and practice network, to more fully integrate Neonatology and related disciplines into systems-wide operations. The candidate will work with the Chair of Pediatrics to define and lead the Division's research strategy, and he/she will assure that excellent clinical education and advanced training is delivered to medical students, residents, and fellows. Responsibilities will also include preparation, implementation, and monitoring of Division-related budgets, and the recruitment, hiring, and retention of an outstanding faculty for the Division.

About the Children's Hospital at Montefiore (CHAM)

CHAM is a 192-bed nationally renowned academic children's hospital providing inpatient, ambulatory, and emergency care for children and adolescents. CHAM is the pediatric hospital of the Albert Einstein College of Medicine and is part of the Montefiore Health System spanning the Bronx and Westchester counties in New York.

About the Jack D. Weiler Hospital and Montefiore Wakefield Campus

The Jack D. Weiler Hospital is a 403-bed hospital and a Perinatal Regional Center with a level 4 NICU that delivers about 3300 infants per year. The Montefiore Wakefield Campus includes a 234-bed hospital with a level 3 NICU that delivers about 1800 infants per year.

We value diversity and encourage individuals from underrepresented, minority or disadvantaged backgrounds to apply and are an equal opportunity employer. To apply or for more information, please contact Dr. Daphne Hsu, Chair of Search Committee at dhsu@montefiore.org.

Child Abuse Pediatrician Opportunity

The Division of Academic General Pediatrics at the Children's Hospital at Montefiore (CHAM) is seeking a full-time Child Abuse Pediatrician to join our Child Abuse Pediatrics Program. Our highly experienced team protects children and promotes healthy families through excellence in evaluation, treatment and prevention of child physical and sexual abuse and other forms of child trauma at the hospital-based JE and ZB Butler Center for Children and Families and the Bronx Child Advocacy Center. The Bronx CAC is a National Children's Alliance accredited co-located Child Advocacy Center located about 3 miles from the children's hospital and 1 ½ miles from the Bronx courthouse complex.

Responsibilities include providing comprehensive medical evaluations and consultations for children and adolescents, teaching of residents and medical students and participation in quality/performance improvement initiatives. We are looking for candidates who are board certified/board eligible in Child Abuse Pediatrics, possess outstanding clinical skills, and have experience in medical education. The successful candidate will receive an academic appointment at the Albert Einstein College of Medicine. Academic rank will be commensurate with experience. We value diversity and encourage individuals from underrepresented, minority or disadvantaged backgrounds to apply. We are an equal opportunity employer.

At Montefiore, DOING MORE means building on a history of firsts to create the future of healthcare. For over 100 years, we've been pushing the boundaries of medicine with innovations such as the intravenous cardiac pacemaker and one of the nation's first pediatric kidney transplants. And as we continue to move forward, we seek professionals who want to join our team of leaders and trailblazers to advance the health of our communities in Westchester, the Hudson Valley and the Bronx.

About the Children's Hospital at Montefiore (CHAM)

CHAM is a 142-bed nationally renowned academic children's hospital providing inpatient, ambulatory, and emergency care for children and adolescents. CHAM is the pediatric hospital of the Albert Einstein College of Medicine and is part of the Montefiore Health System spanning the Bronx and Westchester counties in New York.

About the Division of Academic General Pediatrics

The Division of Academic General Pediatrics consists of attending physicians, nurse practitioners, PhD social scientists, psychologists and a psychiatrist. Our clinical practice sites are NCQA patient centered medical homes with integrated mental health services. Our practices are the primary teaching sites for residents in our pediatric residency program and include a federally qualified health center. Division faculty are actively engaged in medical education, quality improvement and research.

Interested individuals should submit electronically a curriculum vitae and letter of interest addressed to Division Chief, Suzette Oyeku MD, MPH (soyeku@montefiore.org) and Lynn Hamberg, LMSW, MEd (lyhamber@montefiore.org) Director, JE and ZB Butler Center for Children and Families.

Developmental and Behavioral Pediatrics Faculty Opportunity

Rose F. Kennedy (RFK) Children's Evaluation and Rehabilitation Center (CERC) at The Children's Hospital at Montefiore (CHAM) Montefiore Medical Center is seeking a Board eligible/Board certified, Developmental and Behavioral Pediatrician to join RFK CERC. Located in the Bronx, it has easy access to New York City and its suburbs. The Children's Hospital at Montefiore is consistently listed in the *U.S. News & World Report's* for best children's hospitals in the area.

The Rose F. Kennedy/CERC at CHAM has gained a national and international reputation for providing superior diagnostic and treatment services to children with special needs. Its mission is to help children with neurodevelopmental and behavioral disorders and complex medical needs achieve their maximum potential while providing guidance and support to their families, as well as education and community outreach. The multidisciplinary team at the RFK/CERC includes developmental behavioral pediatricians, psychologists, psychiatrist, physiatrist, audiologists, speech-language pathologists, social workers, occupational therapists, and physical therapists among other professionals. It also has nationally renowned educational and advocacy grants including LEND and UCEDD.

Opportunity Information

- Offers highly competitive compensation and benefit packages
- Collaborate with experienced clinical and administrative teams
- Academic opportunities at Montefiore/Einstein School of Medicine
- Be part of a collegial team to build and grow Developmental and Behavioral Pediatrics program at the institution
- Collaborate with RFK-CERC team on special projects, including but not limited to program development, research and quality improvement
- Teach medical students and residents on clinical rotations
- Participate in one or more multidisciplinary teams at the center
- Full Time and Part Time positions available
- Provide diagnostic and treatment services utilizing a family-centered approach
- Provide psychopharmacology management for ADHD, ASD and other neurodevelopmental conditions that may require medical intervention (psychiatry consult available on site)

Enjoy a collegial teamwork environment while participating in clinical work, educational development and clinical research opportunities.

We value diversity and encourage individuals from underrepresented, minority or disadvantaged backgrounds to apply. We are an equal opportunity employer.

To apply, please send your CV and cover letter to Camille Rogers, Associate Director RFK CERC and Trauma Services via email crogers@montefiore.org.

Neonatal Hospitalist Faculty Opportunity

The Division of Neonatology at the Children's Hospital at Montefiore (CHAM) is seeking a full-time pediatrician to join our dynamic division and practice at the Jack D. Weiler Hospital, one of our two birthing hospitals. CHAM is a 192-bed nationally renowned academic children's hospital providing inpatient, ambulatory, and emergency care for infants, children and adolescents. CHAM is the pediatric hospital of the Albert Einstein College of Medicine and is part of the Montefiore Health System serving a diverse patient population in the Bronx, Westchester County and the Hudson Valley. The Jack D. Weiler Hospital is a 403-bed hospital and a Perinatal Regional Center with a level 4 NICU with approximately 4,000 deliveries per year. Our Neonatology Division currently includes 17 neonatologists, 14 advanced practitioners, and 6 neonatal fellows. We consistently rank among the top programs for Neonatal Care in the *US News and World Report*.

We are looking for a Board Certified/Board Eligible Pediatrician who is committed to the care of newborns and their families. Responsibilities include providing comprehensive medical care for newborn infants in the Delivery Room, as well as assisting in care in the Neonatal ICU and the Newborn Nursery. Care will include delivery room resuscitation and stabilization, evaluation of newborns, teaching of residents and medical students and participation in quality/performance improvement initiatives. Successful candidates will be energetic and enthusiastic and will have the ability to work effectively as part of a team. We are looking for candidates who possess outstanding clinical skills and have experience in medical education. Scholarly productivity expectations will be aligned with the candidate's interests and division's mission. Academic rank will be at the level of Instructor. We value diversity and encourage individuals from underrepresented, minority or disadvantaged backgrounds to apply. We are an equal opportunity employer.

To apply, please send your CV and cover letter to Katie Forman, DO via email kaforman@montefiore.org. Please also feel free to contact her by phone at 718-904-4105 if you would like further information or should you have any questions.

Newborn Nursery Faculty Opportunity

The Division of Academic General Pediatrics at the Children's Hospital at Montefiore (CHAM) is seeking a full-time Newborn Nursery Pediatrician to join our division and practice at the Jack D. Weiler Hospital. Our two birthing hospitals, Jack D. Weiler Hospital and Montefiore Wakefield Campus are both located within 4 miles of CHAM. Responsibilities include providing comprehensive medical evaluations for newborns, teaching of residents and medical students and participation in quality/performance improvement initiatives. We are looking for candidates who are board certified/board eligible in Pediatrics, possess outstanding clinical skills, and have experience in medical education. The successful candidate will receive an academic appointment at the Albert Einstein College of Medicine. Academic rank will be commensurate with experience. We value diversity and encourage individuals from underrepresented, minority or disadvantaged backgrounds to apply. We are an equal opportunity employer.

Pediatric Clinician-Investigators Opportunity

The Children's Hospital at Montefiore (CHAM) is seeking outstanding clinician-investigators at the rank of Assistant Professor to join the Department of Pediatrics as we expand our research programs. We are looking for candidates who are board certified in Pediatrics, possess outstanding clinical and interpersonal skills, have demonstrated scholarship and an ongoing commitment to research (e.g., clinical research, health services or outcomes research, implementation science, community-based research). Competitive candidates will have evidence of past research training and accomplishments. The successful candidate will also provide clinical care to children and adolescents as well as participate in a robust training of residents and students. Einstein/Montefiore seeks candidates whose skills and personal and professional experience have prepared them to contribute to our commitment to diversity, excellence and the communities we serve. The successful candidate will receive an academic appointment at the Albert Einstein College of Medicine (Einstein).

The Department of Pediatrics is composed of 389 Montefiore and Einstein faculty with 72 faculty in our affiliated hospitals, organized into 18 divisions covering all the pediatric subspecialties in conjunction with several key surgical services. CHAM and Einstein provide a collaborative environment for multidisciplinary research among faculty. CHAM investigators are engaged in basic as well as clinical/translational research, health services research, comparative effectiveness research and quality improvement science. With a total grant portfolio exceeding \$36.79 million in 2019, CHAM investigators are pioneering new approaches and therapies to prevent and treat chronic pediatric conditions, such as asthma, obesity, autism and sickle cell disease as well as life-threatening diseases of childhood, including cancer, neonatal lung diseases and infectious diseases.

Interested applicants should submit a letter of interest and CV to: Marina Reznik, MD, MS, Vice Chair for Clinical and Community-Based Research, Professor of Pediatrics, Einstein/CHAM (E-mail: mreznik@montefiore.org)

ABOUT US:

Founded in 1955, **Einstein** is one of the nation's premier institutions for medical education, basic research and clinical investigation. A full-time faculty of some 2,000, conducts research, teaches and delivers health care in every major biomedical specialty. The college has some 730 medical students, 193 Ph.D. students, 106 MD/Ph.D. students and 275 postdoctoral fellows. Einstein's major strength, in addition to training physicians and scientists, is its science. During fiscal year 2019, the faculty's consistently high level of scientific achievement resulted in the awarding of more than \$178 million in peer-reviewed grants from the National Institutes of Health (NIH). Einstein is part of Montefiore Medicine Academic Health System, an integrated academic delivery system comprising seven campuses, including 8 hospitals, a multi-county ambulatory network, As the University Hospital for the Albert Einstein College of Medicine, **Montefiore** is a premier academic health system, employing Einstein's clinical faculty and training Einstein's medical students, over 1,300 residents, 420 allied health students and 1,600 nursing students annually. **CHAM** is the only pediatric hospital in the Bronx, nationally renowned for its clinical excellence, innovative research and commitment to training the next generation of pediatricians and pediatric subspecialists. CHAM is recognized by *U.S. News & World Report* as one of the best children's hospitals in multiple pediatric subspecialties, including Cardiology & Heart Surgery, Diabetes & Endocrinology, Gastroenterology & GI Surgery, Neurology & Neurosurgery, Nephrology, Orthopedics and Neonatology. We have recruited some of the world's leading pediatric specialists and child health investigators and implemented the latest medical technologies to deliver the highest quality and safest healthcare with compassion and sensitivity to the needs of the children, families and communities we serve. As one of the busiest pediatric ambulatory programs in the country, almost 200,000 children receive treatment in our pediatric emergency department, outpatient clinics and school health clinics and through Montefiore's innovative community outreach initiatives. Einstein/Montefiore is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, protected veteran or disabled status or genetic information.

Pediatric Critical Care Faculty Opportunity

The Division of Pediatric Critical Care Medicine in the Department of Pediatrics at The Children's Hospital at Montefiore (CHAM) and Albert Einstein College of Medicine is seeking candidates at the Assistant and Associate Professor level to join our dynamic and growing faculty. We are looking for candidates who are energetic, driven, and enthusiastic, and will have the ability to work effectively as part of a team. Candidates must be outstanding clinicians dedicated to the care of critically ill children and their families. Board certification in General Pediatrics as well as board certification or eligibility in Pediatric Critical Care Medicine are required. We are interested in candidates with interest in quality/performance improvement as well as scholarship/research.

The compensation packet is competitive, with salary guarantee, comprehensive benefits, paid malpractice insurance including tail coverage, and retirement. The PCCU at CHAM is a 26-bed multidisciplinary unit that admits over 1,300 patients per year.

CHAM is a 142-bed nationally renowned academic children's hospital providing inpatient, ambulatory, and emergency care for children and adolescents. CHAM is the pediatric hospital of the Albert Einstein College of Medicine and is part of the Montefiore Health System spanning the Bronx and Westchester counties in New York.

Please contact Michael Ushay, MD, PhD, Chief of the Division of Pediatric Critical Care Medicine at hmushay@montefiore.org should you have any questions. To apply, please send your CV and cover letter to Dr. Ushay.

We are an equal opportunity employer.

Pediatric Emergency Medicine Faculty Opportunity

The Division of Pediatric Emergency Medicine at the Albert Einstein College of Medicine (AECOM)/Children's Hospital at Montefiore (CHAM) is seeking enthusiastic Pediatric Emergency Medicine (PEM) board certified/board eligible physicians to join our faculty.

As the gateway to the only quaternary care Children's Hospital in the Bronx, the CHAM Emergency Department serves infants, children and adolescents to age 21, providing the full range of pediatric emergency services to children of varying medical complexities from our local Bronx community and throughout the Hudson Valley. In 2019, over 51,500 patients were registered in the Pediatric Emergency Department. Approximately 5,200 were admitted to CHAM, accounting for 70% of admissions to the inpatient units.

Patient care in the CHAM ED is provided by members of the Pediatric & Emergency Medicine house staff under the supervision of the 20 faculty members which includes 16 PEM board certified/eligible attendings. Additionally, we have 6 pediatric nurse practitioners who care for lower acuity patients and coordinate our follow-up program. The division also includes a highly sought-after PEM fellowship which recruits 2 fellows/year. PEM faculty are leaders of a variety of educational activities within the Department of Pediatrics and participate in exciting research and quality improvement initiatives.

Responsibilities include providing clinical care in the Pediatric Emergency Department, conducting telehealth consults to other Emergency Departments throughout the Montefiore Healthcare System, and supervising and teaching residents and medical students. We are looking for candidates who possess outstanding clinical and teaching skills and who are looking to get academically involved. Successful candidates will have opportunities in medical education, clinical research, simulation, point-of-care ultrasound, and divisional and departmental quality and safety initiatives. Academic rank at the Albert Einstein College of Medicine will be commensurate with experience and qualifications.

The Albert Einstein College of Medicine/Montefiore Medical Center is an equal opportunity employer. Candidates from minorities underrepresented in medicine and science, women and individuals with disabilities are encouraged to apply.

If interested, please send a CV and letter of interest to Daniel Fein – dfein@montefiore.org

Pediatric Hospitalist Faculty Opportunity

We invite you to have an opportunity to join our Children's Hospital at Montefiore team to work at **Montefiore New Rochelle Hospital** site. Responsibilities will include delivery room coverage, newborn nursery coverage, newborn stabilization and transfer when necessary, and Pediatric Emergency Department consult coverage. Currently there are about 700 deliveries per year with an average daily census in the newborn nursery of 6. Delivery services will be for babies 35 weeks and greater.

Responsibilities include:

- Work collaboratively with the interdisciplinary team to develop and implement the therapeutic plan of care for a group of patients and ensure communication with family members.
- Provide consultation about the therapeutic regimen to the nursing staff responsible for the patients care in the hospital setting.
- Facilitate the continuity of care across the continuum of services, e.g. home care, other facilities, appointments, etc.
- Prescribe in-patient and discharge medications according to New York State law, including controlled substances with DEA authorization. Prescribes medical equipment, devices, physical and occupational therapy, and home health services per practice protocol.

As a Pediatrician - You will need:

- Licensure: Current registration as a medical physician in New York; Drug Enforcement Authority (DEA) registration; Basic Life Support (BLS) and Neonatal Resuscitation Program (NRP) certification, Pediatric Advanced Life Support (PALS)
- Board eligible or board certified pediatrician
- Must be able to perform procedures such as intubation, intravenous insertion, venipuncture, umbilical line placement, lumbar puncture

Contact for more information:

Dr. Sheri Nemerofsky – Director of Newborn Services

Administrative Assistant: Wilmary Carrion at wcarrion@montefiore.org – 718-920-9014

Pediatric ICU House Physician Faculty Opportunity

The Division of Pediatric Critical Care Medicine in the Department of Pediatrics at The Children's Hospital at Montefiore (CHAM) and Albert Einstein College of Medicine is seeking candidates to join our ICU house physician faculty. We are looking for candidates who are energetic and enthusiastic and have the ability to work effectively as part of a team. Candidates must be outstanding clinicians dedicated to the care of hospitalized children and their families. They will be Board certified/eligible in general pediatrics and will maintain BLS and PALS certifications. We encourage our house physicians to participate in research and quality improvement initiatives.

The successful candidate will work day, night, and weekend shifts alongside our excellent critical care attendings and fellows. Our 26 bed PICU admits approximately 1,300 patients per year with a full range of medical and surgical conditions.

CHAM is a 142-bed nationally renowned academic children's hospital providing inpatient, ambulatory, and emergency care for children and adolescents. CHAM is the pediatric hospital of the Albert Einstein College of Medicine and is part of the Montefiore Health System spanning the Bronx and Westchester counties in New York.
