

# Now FDA-approved!

## **SMOFlipid®** lipid injectable emulsion (ILE) for pediatric patients requiring parenteral nutrition (PN)

- SMOFlipid is now FDA-approved for use in adult and pediatric patients, including term and preterm neonates
- SMOFlipid is the FIRST and ONLY 4-oil lipid injectable emulsion now indicated for pediatric and neonatal parenteral nutrition
- There's only one SMOFlipid and it's now approved for patients at every age and stage of life
- SMOFlipid's expanded indication is yet another example of Fresenius Kabi's commitment to healthcare providers and their PN patients
