

Fast Facts 2022

Among the nation's premier children's hospitals, UCSF Benioff Children's Hospitals in Oakland and San Francisco are well equipped to treat rare and serious illnesses. Our world-renowned medical staff has expertise in treating nearly all pediatric conditions, including cancer, heart disease, neurological disorders and traumatic injuries. Each year, tens of thousands of infants, children, teens and young adults come to UCSF from all over the globe for life-changing – and often lifesaving – care.
